

Fulton Elementary School Car Pool Procedures

1. Please park in the parking lot when you are bringing projects, instruments, party goods, etc. **DO NOT PARK IN THE CIRCLE.**
2. When dropping off, please pull all the way to the front of the traffic circle. This allows more cars into the traffic circle at one time.
3. Please **DO NOT PASS** in the traffic circle. Students must exit on the curbside only, not on the driver side.
4. You may not make a left turn into the carpool loop during bus arrival and dismissal hours (9:05 – 9:30 AM and 3:20 – 4:05 PM). Please drive past the entrance and form a line closest to the bus loop going toward the traffic circle.
5. You may pull into the Reservoir driveway to turn around. You may not make U-turns in the roadway.
6. A new crosswalk with ADA ramps has been added to the north of the Fulton bus lot.

Car traffic is not permitted in the bus loop at all during the arrival and dismissal times listed above.

Thank you in advance for your cooperation as we all work together for the safety of our children!
