

Maura J. Rossman, M.D., Health Officer

SCREENING FOR FULTON ON JANUARY 7, 2019 AND RESCREENING ON JANUARY 29, 2019

INFORMATION LETTER FOR VISION AND HEARING SCREENING

Dear Parent/Guardian:

The Howard County Health Department and HCPSS School Health Services support your student's academic success by providing vision and hearing screenings at your child's school. These screenings are required by Maryland State Law.

Screenings are provided to the following students:

- All newly entering students to the state of Maryland that don't have a record of prior vision and hearing screening within the last 12 months
- Students in Pre-K or Kindergarten, 1st and 8th grades

If your child has glasses, please make sure that he or she wears them on the screening day.

Your child will receive these screenings unless you object for religious reasons. Please send a letter to your child's school health room if you choose to opt out of the Health Department screenings.

If your child does not pass either the vision or hearing screen, you will receive a letter from his or her school notifying you of this result. It is then recommended that you take your child to have his or her vision evaluated by an eye care specialist or that you contact your child's medical provider for a referral to an audiologist for a complete hearing evaluation.

A vision screening does not take the place of a comprehensive eye exam.

Should you have any questions, please contact your school nurse or the Vision and Hearing Program Supervisor at 410-313-7210. If you need information about the Maryland Children's Health Insurance Program, please contact the Howard County Health Department at 410-313-5845.

Sincerely,

Jacqueline Douge', MD, MPH, FAAP
Medical Director, Bureau of Child Health

Kerrie Wagaman, RN, MSN
Coordinator of Health Services
